

JOB ANNOUNCEMENT:

GIS ANALYST

Roseburg, Oregon

Lone Rock Resources is seeking a full-time GIS Analyst to join our team. Headquartered in Roseburg, Oregon, Lone Rock Resources is a fourth-generation family-owned timber company with a proud past and an exciting future. We manage approximately 150,000 acres in southwestern Oregon where we have been in business since 1950 and have a well-earned reputation as one of the top private forestry companies in the Pacific Northwest.

About the Role: As the GIS Analyst, you will play a vital role in supporting our forestry team. This position will provide GIS support and services through a mixture of mapping, spatial analysis, and user training and support to help keep our operations running smoothly.

Key Responsibilities:

- Fulfill GIS mapping and analysis requests in support of lands management and harvest operations
- Manage, develop, and maintain GIS databases to ensure data quality and accuracy
- Support multiple GIS work stations, train users, and provide technical assistance
- Analyze data and contribute to technical reports as necessary

Qualifications:

- Proficient with GIS software; experience with ArcGIS is a plus
- 2-year degree or higher in GIS, or related field
- Team-oriented with an excellent customer service attitude
- Strong attention to detail
- Good analytical and problem-solving skills
- Ability to manage multiple projects

Compensation:

Lone Rock offers a highly competitive compensation package. Salary is commensurate with experience and ability. Benefits include:

- Excellent medical, dental, and vision coverage with low-cost employee premium
- 401(k) with a company match and profit-sharing plan
- Paid time off and paid holidays
- Life insurance, long-term disability, and paid medical family leave
- Performance bonus program
- Company issued cell phone

To Apply:

To apply please provide a cover letter and resume to MaryBeth Spence in person or at mspence@lonerockresources.com
